

NEENAH CAST IRON BOLLARDS INSTALLATION GUIDE

With multiple installation options our cast iron bollards are built to last and give you the flexibility to make every job as easy as possible. Whether it's new or existing concrete, whatever you need to do, we have the tools and expertise to get it done right.

CASTING AMERICA'S BACKBONE

Located in Neenah, WI, Neenah Foundry has been supplying quality castings such as manhole frames, lids and grates for our great nation since 1872. We pour 500 tons of material every day to make thousands of products and create over 900 jobs. It's our painstaking quality control and attention to detail that make Neenah the foundry more industry professionals rely on.
